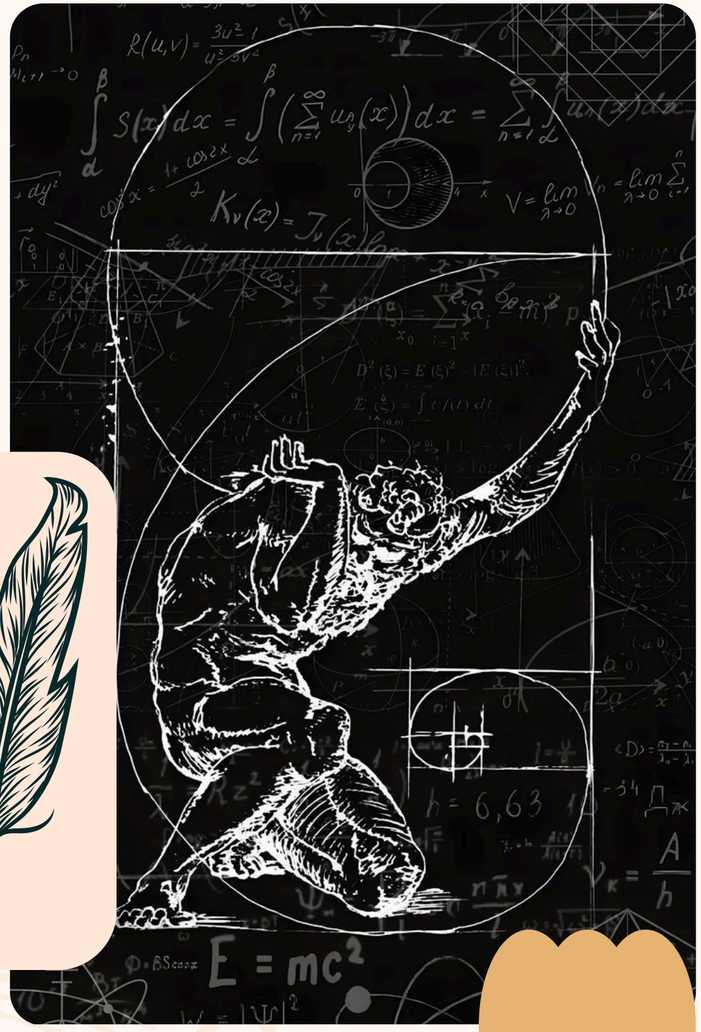
Illuminate the path of learning

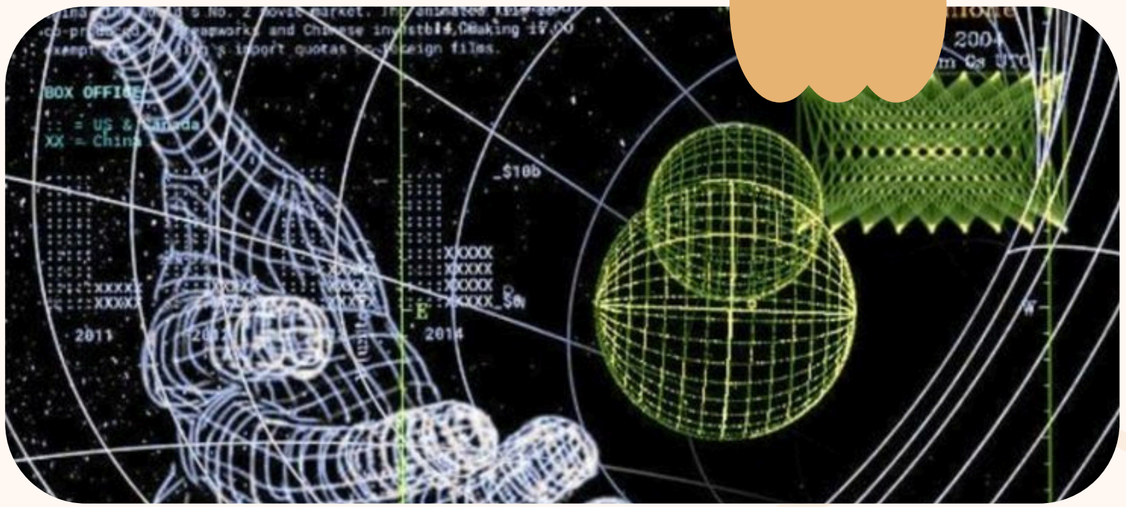
An AI-powered, gamified Calculus Tutor that adapts to how you think, not just what you answer.

Problem:

- **Memorization over Understanding**
- **Lack of Motivation and Fatigue**
- **Zero Personalization at Scale**
- **Doubt accumulates, Silence Kills**



Why we stand out?



Build for real Students, Not a Demo

AI with a Purpose

Gamification derived learning not Addiction

Judged on impact, not Complexity
